

Birds Of Prey Petition

Copy Letter to All Regions of The R.P.R.A.

Welsh Homing Pigeon Union

North of England Homing Union

North West Homing Union

Irish Homing Pigeon Union

Scottish Homing Union

National Tippler Union

Plus other non pigeon related Organisations.

Stage 1. Of the gathering of signatures for the Birds of Prey Petition has now been completed at The Show of The Year in Blackpool.

Stage 2. Is to now reach fanciers who were not present at Blackpool so there can be no excuse for any fancier not to have been given the chance to sign the petition.

Please find enclosed the petition form that I hope that you will photocopy and send out to all the secretaries of the clubs that are affiliated through your Region/Unions asking if they, in turn, can photocopy same and distribute to their members so that a combined effort can be made to give us an end product of a very strong petition to go on to 10, Downing Street, London.

As we are also fighting the plight of the Song Birds, fanciers should be informed that their family, friends, neighbours and workmates or whoever can also sign the petition if they feel strongly about our problem and/or that of the vanishing songbirds.

All members should be made aware that if they signed a form at Blackpool they must not sign another form.

There is no doubt that we will have only one shot with this petition, so a very strong petition is vital to our cause in bringing about the changing of the laws regards the Birds of Prey problem and their ever increasing numbers.

If all forms can be returned to you and collated before finally sending them on to me by the end of February that would be appreciated. A final count can then be made in readiness for Downing Street. Any query, please do not hesitate to contact me.

Jim Hooper, 

42 Ferrier Avenue, Fairwater, CARDIFF CF5 3LB.
