Any objections please contact Miss E Calder 0131 663 5744

At Club Pickups for the race the Driver/ Convoyer is in charge of loading the Transporter
Please adhere to his decision of where the baskets are to be positioned.

For the next race could all clubs please try and basket the pigeons to 25 birds per basket
as there is seemingly a shortage of baskets at the moment

REMINDER - Could all Clubs please ensure that the Federation Birdage paperwork is filled
out correctly with no missing information, as this can hold back the result
